

## HOW TO USE ACID-ETCHED GLASS AND MIRROR TO MEET DESIGN INTENTS IN INTERIOR APPLICATIONS

### COURSE

Walker Glass is proud to offer to interior designers, architects and specifiers this Continuing Education Course approved by the AIA and ASID. Acid-etched glass and mirror can be used in a variety of interior applications. The session will focus on different solutions meeting interior glazing objectives and will cover properties, specifications and constructability, to facilitate and improve the decision-making process. The course also covers how acid-etched glass and mirror can meet sustainability objectives and support the LEED certification process.

# HOW TO USE ACID-ETCHED GLASS AND MIRROR TO MEET DESIGN INTENTS IN INTERIOR APPLICATIONS

## PROGRAM OUTLINE

- Understanding Acid Etching, Supply chain and Fabrication
- Daylighting
- Color Rendering
- Lighting Effects
- Decorative and Design Accent
- Privacy
- Safety and Security
- Functional Surfaces
- Acid-etched Glass and Mirror Properties
- Post Installation Cleaning & Maintenance
- Quality Standards and Warranty
- Sustainability (LEED®)
- Specifications

Provider number: **K216**

Program number: **WA2204-22**

Duration: 1 hour, LU-HSW

Approved  
Continuing  
Education
