

## Leveraging Acid-Etched Glass and Mirror for Effective Interior Design Solutions

### COURSE

Walker Glass is proud to offer to interior designers, architects and specifiers this Continuing Education Course approved by the AIA and ASID. Acid-etched glass and mirror can be used in a variety of interior applications. The session will focus on different solutions meeting interior glazing objectives and will cover properties, specifications and constructability, to facilitate and improve the decision-making process. The course also covers how acid-etched glass and mirror can meet sustainability objectives and support the LEED® certification process.

# Leveraging Acid-Etched Glass and Mirror for Effective Interior Design Solutions

## PROGRAM OUTLINE
